VETERINARY CERTIFICATE

Horse: Not A Single Doubt x Chiasmus '16
Signalment: Bay two year old colt
Brands: Left shoulder = Reverse C; C conjoined
Right shoulder = 3 over 6
Microchip: 985100012117107
Examined at: Lionheart Thoroughbreds, Barn B, Inglis Riverside NSW.

At the request of *Ms Carol Walsh* of Blueblood Thoroughbreds, a veterinary examination of the above horse was undertaken at the Inglis Riverside Sales Complex, Warwick Farm, New South Wales on the 15th October, 2018.

Clinical Examination

The clinical examination included heart, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The examination included an examination of the radiographs and the video endoscopy lodged in the repository. The horse was examined at rest and at the walk. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia.

In my opinion, at this time, the Not A Single Doubt x Chiasmus '16 presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. Not A Single Doubt x Chiasmus '16 is suitable for public syndication and mortality insurance.

I confirm that I do not have any current or intended future financial or other interest in the above mentioned horse, the proposed syndication or Blueblood Thoroughbreds and this letter may be relied upon by prospective investors who invest in this horse.

Yours sincerely,

Dr Chris Lawler BVSc

This certificate has been prepared for inclusion in the disclosure statement issued by the Syndicate and at the time of examination can be relied upon as a true document. The issuing veterinarian has no financial or other interest in the Syndicate or monies raised by the Syndicate. The examination was performed using EVA guidelines.
